About Us

Okul Concept is a professional brand that combines quality, aesthetics, and functionality in school uniforms and corporate textile products designed specifically for educational institutions.

With years of experience, we provide school uniforms, graduation apparel, event collections, and corporate textile solutions for educational institutions ranging from kindergartens to universities. In every project, we create unique designs that reflect each school's identity while producing durable, high-quality products.

Thanks to our modern design approach, high production standards, and customer-focused service, we are proud to be the trusted solution partner of many educational institutions throughout Türkiye.

Our Vision

To add value to the world of education by designing modern and original collections that strengthen the corporate identity of schools while making students feel a true sense of belonging.
